### EDUCATION

#### Graphic Design

Liberty University  
2022-2024

#### Biology

Kent State University  
University of Pittsburgh  
2019-2022

### PROFILE

I am a versatile designer who seamlessly integrates graphic design, UI/UX, and painting to create solutions that are both visually captivating and functionally intuitive. By blending authentic artistic creativity with practical design principles, I craft experiences that not only engage but also inspire. With a passion for innovation and a commitment to excellence, my designs stand out for their beauty and effectiveness.

### DESIGN EXPERIENCE

Fall - 2024

#### Software Engineering Institute at Carnegie Mellon University

Internship - UI/UX Designer

- Designed an AI-driven UI/UX for a product targeting users aged 12+, incorporating patriotic themes.
- Conducted research, developed wireframes, and created prototypes using Figma and Adobe Creative Suite.
- Led user testing and refined designs based on feedback from peers and mentors.
- Presented final high-fidelity designs and an interactive prototype to stakeholders.

Summer - 2024

#### Software Engineering Institute at Carnegie Mellon University

Practicum - Graphic Designer

- Designed a 10x10 pop-up backdrop for SEI's nationwide recruitment campaign, highlighting key values and projects.
- Conducted research on SEI branding and competitor designs to ensure consistent and innovative visual communication.
- Developed mockups using Adobe Illustrator/Photoshop, iterating based on stakeholder feedback.
- Finalized high-resolution designs optimized for large-scale printing and coordinated production with vendors.
